Penny Harvest®

Share Your Story

Bring one of your grants or service projects to life. Share the story behind the decision.

What moved your students to focus on this one cause? This particular organization? What happened?

Your answer will be included in your school's report on the Penny Harvest online yearbook on our website.

Some ideas:

- Was an interview or site visit with this organization particularly powerful?
- Was there a specific event or tragedy this year that impacted the students' grant making?
- Did a student leader (or someone else in the school community) advocate for this cause or organization because had a personal connection?
- Was there an intense debate over this cause or organization?
